OUR MISSION

To facilitate market access, CCC ensures product safety, quality, and compliance with the Saudi Technical Regulations (TRs) and International Standards. CCC operates through the SABER electronic conformity assessment platform, ensuring smooth certification for imports and locally manufactured goods.

WHY PRODUCT CERTIFICATION?

- Ensures compliance with ISO/IEC 17065 for global market acceptance.
- Facilitates customs clearance for international trade (SCoC – Shipment Certificate of Conformity).
- Guarantees product safety & quality, reducing liability risks.
- Builds customer trust and enhances brand reputation.
- Meets regulatory requirements for SASO & GCC markets.

CCC, The Compliance Solver...
